WATSONVILLE, CA

## GRAFFITI SHIELD SOLUTION | METAL SHIELD

- Opaque graffiti abatement film that replicates the look of stainless steel
- Installation similar to traditional anti-graffiti film
- Proprietary adhesive that cleanly releases from the surface but withstands removal attempts from general public
- Protects the surface from future damage while covering up any existing vandalism
- Precut pieces with unique part numbers for quick and easy identification and replacement
- Installation required approximately 300 square feet of custom fit Metal Shield in 10 bathrooms across campus

## PROJECT OUTCOME

- Significantly prolonged impact on the appearance of the restrooms
- Significant savings over the costs of purchasing stainless steel stalls
- Film replacement and vandalism overall has gone down tremendously
- Graffiti Shield materials specified for the next renovation on College's main campus
